LeRoy H. Carhart, M.D.
Bellevue Health Center
1002 West Mission Avenue
Bellevue, NE 68005

Dear Dr. Carhart:

We received your licensure renewal application to operate a health clinic on February 4, 2009.

An onsite complaint investigation was conducted at your facility on 2/18/09. During the investigation, we found that your facility was not useable to provide services due to smoke and water damage from a fire which occurred on 1/16/09. Therefore, the certificate of occupancy submitted with the renewal application dated 12/31/08 was not valid and could not be utilized for your facility license renewal.

This is to inform you that we have renewed your health clinic license effective March 6, 2009, based on the following:

- Receipt of letter dated March 4, 2009 from the licensed engineer stating that the facility has been restored to the same condition as existing prior to the fire incident and is in compliance with all applicable codes.
- Receipt of certificate of occupancy dated March 6, 2009 issued by the delegated fire authority, Bellevue Fire Inspector stating that the facility is in compliance.

If you have any questions, please contact this office.

Sincerely,

Joann Erickson, RN
Administrator
